

UNIVERSITY PARALLEL DEGREE PROGRAMS OF STUDY

DIVISION OF ACADEMIC AFFAIRS

The Division of Academic Affairs offers university-parallel degree programs designed to meet the needs of students who plan to transfer to four-year institutions of higher learning to pursue a baccalaureate or professional degree.

The Articulation Agreement between the Mississippi Board of Institutions of Higher Learning and the Mississippi State Board of Community and Junior Colleges provides for a smooth transition of student course work between the state community colleges and state universities. Each university will accept the courses listed in the university-parallel degree programs without loss of credit toward the conclusion of the four-year degree.

Coahoma Community College is committed to excellence in teaching and learning. As reflected in its mission statement, the institution provides accessible, affordable, diverse, and quality educational opportunities and services that foster a nurturing teaching and learning environment, promotes intellectual and work readiness skills, supports personal and professional growth, and prepares students to enter the job market or transfer to a college or university.

In order to meet its mission, Coahoma Community College measures the extent students have attained college-level general education competencies for university parallel programs. The institution evaluates students' attainment of general education competencies by randomly selecting samples of students' work from targeted courses and by administering the Collegiate Assessment of Academic Proficiency to graduates. The institution uses assessment results to enhance and improve its university parallel degree programs.

The college-level general education competencies for university-parallel programs include the following:
